

## 2010 nGenera Insight Webinar Schedule

*Our monthly webinars provide interactive, 60-minute discussions about current and developing projects.*

nGenera Insight Webinars are 60-minute interactive sessions that feature analysts and experts in an engaging “talk show” format on the latest thinking and ideas. These webinars are open to all program members and representatives of their company.

We strongly encourage multiple participants from each company. Information about how to register for each webinar will be distributed by our Member Services team approximately three weeks prior to each webinar. If you have any questions, just email us at [members@ngenera.com](mailto:members@ngenera.com).

Please note all webinars will take place from 11:00am - 12:00pm Eastern Time.

### MARK YOUR CALENDARS!
